1996 Annual Town Report

FREMONT NEW HAMPSHIRE

Boston & Maine Station, Fremont, N. H.

1996 In Memory

Elaine Heselton

Elaine served as a member of the Fremont Planning Board and dispatched for the Fremont Fire Department for many years.

Arthur Nadeau Jr.

Arthur was a Lieutenant and active member of the Fremont Volunteer Fire Department and served as the Town's Heating Inspector up until the time he died. He had earlier served as the Plumbing Inspector.

Henry E. Turner

Henry was a Deputy Forest Fire Warden, member of the Firemen's Association and a delegate to the NH Federation of Forest Fire Wardens for many years. He served on the Zoning Board of Adjustment and was a Supervisor of the Checklist for many years.

Robert A. Waddell

Bob was active in many facets of community service. At the time of his death he was a Trustee of Trust Funds and Library Trustee, positions he had held for many years. Previously he had served as a member of the Board of Selectmen, a member of the Fremont School Board, and a member of the Planning Board.

On the cover: Boston & Maine Railroad Depot at Fremont NH.
Photo is circa 1910. This depot was built in 1896-1897 and replaced
the first depot that burned in October of 1896.

NOTES

WARRANT FOR THE 1997 ANNUAL TOWN MEETING FREMONT NEW HAMPSHIRE

To the inhabitants of the Town of Fremont in the County of Rockingham in said State, qualified to vote in Town Affairs:

**FIRST SESSION FOR VOTING: TUESDAY MARCH 11, 1997 TO BE HELD AT THE
FREMONT TOWN HALL AT 295 MAIN STREET IN FREMONT NEW HAMPSHIRE
TIME: 8:00 AM to 7:00 PM**

ARTICLE 1. To choose by ballot all necessary Town Officers for the ensuing year.

**SECOND SESSION: SATURDAY MARCH 15, 1997 TO BE HELD AT THE ELLIS
SCHOOL AT 432 MAIN STREET IN FREMONT NEW HAMPSHIRE
TIME: 5:00 PM**

ARTICLE 2: To see if the Town will vote to raise and appropriate the sum of nine hundred eighty-four thousand two hundred eighty-seven dollars (\$984,287) (gross budget) for the purpose of constructing and equipping a new Fire/Police/Rescue/Emergency Management Facility building, and to authorize the issuance of not more than \$984,287 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33 et seq) and to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project and to comply with all laws applicable to said project; to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon and to authorize the withdrawal of \$44,000 and all accrued interest from the Safety Complex Capital Reserve Fund for this purpose. The Selectmen and Budget Committee recommend this appropriation. (2/3 ballot vote required, polls open for one hour).

ARTICLE 3: To see if the Town will vote to raise and appropriate the sum of one thousand dollars (\$1,000) to be added to the Selectmen's Executive budget for the purpose of publishing a town newsletter. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 4: To see if the Town will vote to raise and appropriate the sum of twelve thousand dollars (\$12,000) to purchase a stainless steel sander for the Highway Department and authorize the withdrawal of three thousand five hundred dollars (\$3,500) and all accumulated interest from the Capital Reserve Fund created for that purpose. The balance of approximately eight thousand five hundred dollars to come from general taxation. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

ARTICLE 5: To see if the Town will vote to raise and appropriate the sum of four hundred forty-three thousand three hundred eighty-two dollars (\$443,382) for the purpose of completing design engineering work and construction repairs to the Sandown Road Bridge over the Exeter River. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 6: To see if the Town will vote to raise and appropriate the sum of fifteen thousand dollars (\$15,000) for the purpose of purchasing six (6) Self-Contained Breathing Apparatus units for the Fremont Volunteer Fire Department. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 7: To see if the Town will vote to raise and appropriate the sum of thirty-eight thousand five hundred dollars (\$38,500) to be placed in existing Capital Reserve Funds for the following purposes. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

- a. Fire Truck \$12,500
- b. Future Revaluation \$12,000
- c. Police Cruiser \$5,000
- d. Highway Maintenance Building \$5,000
- e. Town History of Fremont \$4,000

ARTICLE 8: To see if the Town will vote to raise and appropriate the sum of twenty thousand dollars (\$20,000) for publication of the Town History of Fremont and authorize the withdrawal of seventeen thousand dollars (\$17,000) and all accumulated interest from the Capital Reserve Fund created for that purpose. The balance of approximately three thousand dollars (\$3,000) to come from general taxation. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

ARTICLE 9: To see if the Town will vote to raise and appropriate the sum of fifty-five thousand dollars (\$55,000) to pave a one to one and a half inch overlay on Chester Road from the four corners to the Chester town line, and to complete shoulder and culvert work on Chester Road. The Selectmen and Budget Committee recommend this appropriation.

ARTICLE 10: To hear the report of the Budget Committee and take any action the Town deems necessary.

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of eight hundred sixty-two thousand nine hundred eighty-three dollars (\$862,983) for general municipal operations, exclusive of other warrant articles.

ARTICLE 12: Shall we modify the elderly exemptions from property tax in the Town of Fremont, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 75 years, \$25,000; for a person 75 years of age up to 80 years, \$35,000; for a person 80 years of age or older \$45,000. To qualify, the person must have been a New Hampshire resident for at least 5 years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for at least 5 years. In addition, the taxpayer must have a net income of not more than \$13,400 or, if married, a combined net income of less than \$20,400; and own net assets not in excess of \$35,000 excluding the value of the person's residence.

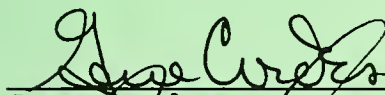

ARTICLE 13: To see if the Town will vote to authorize the Board of Selectmen to send a letter to the administrators of every utility that maintains rights-of-ways within this Town, to request that the utility rights-of-way within the Town of Fremont be maintained by cutting of brush and trees, and that there be no applications of herbicides on utility rights-of-way within the Town of Fremont. (Submitted by the Fremont Conservation Commission).

ARTICLE 14: To see if the Town will vote to accept deeded title from R & S Realty Corporation for approximately 800 linear feet of Senter Circle. The Town to hold a maintenance bond in the amount of five thousand dollars (\$5,000) for two years.

ARTICLE 15: To transact any other business that may legally come before this meeting.

Given under our hands and seal this Sixth day of February in the Year of Our Lord Nineteen Hundred and Ninety Seven.

1997 Town Meeting Warrant Article Narrative

We are trying something new this year to accompany the Town Meeting Warrant. The following is a narrative, in more "laymen" terms to detail out the purpose of each warrant article which has been proposed. The following narrative attempts to explain the purpose and a little history behind each article.

Article 1 will be voted upon on the second Tuesday in March. This is the town and school district officials election day. Polls are open from 8:00 am to 7:00 pm at the Fremont Town Hall at 295 Main Street. The 1997 ballot will contain all officials running for a position within the Town or School District. Sample ballots will be posted at the Town Hall for viewing before the election day.

All remaining articles will be acted upon at the recessed session of Town Meeting which begins at 5:00 pm on Saturday March 15, 1997. This part of the meeting is held at the Ellis School at 432 Main Street, in the gymnasium.

By law, any warrant article requesting funds must be considered by the Selectmen and Budget Committee, and each must make a recommendation on the proposed expenditure. This recommendation is noted at the end of each article.

Article 2 asks for the money needed to fund construction of a new Fire/Police/Rescue/Emergency Management Facility building. The building will be sited on the town land at 417 Main Street, at the intersection of Beede Hill Road. The Building Committee has been working on the proposal for two years now. This year the proposal totals \$984,287. This amount will be bonded for a period of 15 or 20 years. The bond proceeds will fund construction of the building and repayment of the loan will not affect the tax rate until fiscal 1998, when the first payment of interest is due. Monies saved in capital reserve (\$44,000 plus interest) will be withdrawn to offset the expenditure as well.

Article 3 requests \$1,000 for the newsletter committee which has formed in Fremont. They are a group of volunteers trying to establish some community unity and find a manner in which to get information out to residents. The newsletter will contain notices of public meetings, office hours, and community information among other items and articles. At this time they have requested \$1,000 for inclusion in the Selectmen's Executive budget to publish ten issues in 1997.

Article 4 requests funding for a second sander for the Highway Department. There are two old sanders which are requiring a good deal of maintenance to sustain. We are planning to trade in the two old sanders for some residual value toward the cost of a new sander. In addition there is approximately \$3,500 plus interest saved in a capital reserve fund which will offset the cost. The new sander will be stainless steel.

Article 5 requests the remaining engineering and construction funds for the Sandown Road Bridge project. This has been in progress since summer 1995 when deterioration of the bridge became evident. The estimated construction cost is \$410,000 and an additional \$33,382 is needed for final engineering. The structure will be a single span precast concrete deck beams with new abutments. Eighty percent of our costs are to be reimbursed by the State of NH as part of the Municipal Bridge Aid Program.

Article 6 is year two of a two year plan to update and replace the existing stock of Self-Contained Breathing Apparatus (SCBA) units for the Fremont Volunteer Fire Department. In 1996 six units were purchased at a total cost of \$14,889.

Article 7 requests funding for existing capital reserve accounts. Capital Reserves are created for capital purchases as a type of savings account. They allow the town to set aside a portion each year for some of the larger ticket items. Doing this helps to create a more balanced effect on the tax rate. The capital reserve amounts have all been combined into one vote this year in an effort to simplify the warrant.

Article 8 seeks to appropriate the full sum of money needed to publish the long-anticipated Town History of Fremont. We have set aside money in capital reserves (including \$4,000 requested in Article 7). All of these funds will be withdrawn at the time the book is published. Matthew Thomas hopes to have the book finished for Christmas 1997 publication, or by early 1998. All book sale revenues will be returned to the Town.

Article 9 asks for funds to pave the finish overlay on Chester Road from the four corners to the Chester town line, and to complete shoulder and culvert work on Chester Road. The reconstruction of Chester Road in this area took place in 1994, and the final overlay of pavement at this time will help preserve that work.

Article 10 is the opportunity for the Budget Committee to make their report on the 1997 budget process.

Article 11 is the master budget article. This is worded somewhat differently than in previous years due to the use of a new state budget form MS-7. The MS-7 can be found in full on pages 8 to 15 of your Town Report. The appropriation recommended by the Selectmen for the general operations of the Town is \$862,983. This is subtotal 1 on page 4 of the state form MS-7. This does not include any other of the warrant articles already voted. The individual and special warrant articles are listed also on page 4 of the form, and subtotaled as sections 2 and 3.

Article 12 has been included due to a statutory change in the administration of elderly exemptions. There is now only one Unified Elderly Exemption. All residents currently receiving an elderly exemption will need to reapply (we have new forms from the State) and check conformance with new standards.

The amount of each exemption will remain the same:

- for a person 65 years of age up to 75 years, (\$25,000);
- for a person 75 years of age up to 80 years, (\$35,000);
- for a person 80 years of age or older (\$45,000)

The net income limits have been changed in accordance with the law and must now include income from social security or other pensions. Income limits have been increased for a single person from \$10,000 to \$13,400; and for a married couple from \$12,000 to \$20,400. The asset limit remains at \$35,000 excluding one's home and two acre lot.

Article 13 was submitted by the Selectmen at the request of the Fremont Conservation Commission to discourage the use of herbicides to kill growth within utility rights-of-way.

Article 14 seeks for the Town to accept Senter Circle as a town road. There is a \$5,000 maintenance bond in place for two years.

Article 15 is the meeting's closure article, to see if there is any other business to be transacted that may legally come before the voters.

We hope this information is helpful to your understanding of the issues to be voted upon at the annual town meeting. The meeting is held at Ellis School in the gymnasium and begins at 5:00 pm on Saturday evening March 15, 1997.

Matthew Thomas declared the winner.

**SECOND SESSION: SATURDAY MARCH 16, 1996 TO BE HELD AT THE ELLIS SCHOOL
AT 432 MAIN STREET IN FREMONT NEW HAMPSHIRE
TIME: 5:00 PM**

Ray Bernier, Moderator, called the meeting to order at 5:00 pm. He reminded all voters to register with the Supervisors of the Checklist.

Mr. Bernier requested a show of hands of non-voters and introduced the front table.

Ray explained the procedures regarding reconsideration. He asked if the voters would like to vote that there would be no consideration for reconsideration on an article. Passed by voice vote.

Mr. Bernier explained the rules of the meeting and also asked if there were any first-time attenders who needed information or clarification that they should ask for clarification at any time.

Mr. Bernier explained reconsideration and all those in attendance voted in the affirmative to not reconsider any article after each vote.

Mr. Bernier proceeded to read the results of the election on town elections on March 14, 1996.

Mr. Peter Bolduc presented a special presentation to Mrs. Bessie Healey. Mrs. Ruth Anderson accepted on behalf of her mother, Mrs Bessie Healey who could not attend due to an illness. Mr. Jon Beaulieu also made a presentation to Ruth with a special declaration from the House of Representatives for Bessie Healey.

**Gene Cordes made the motion to resequence the articles to the following order: 3, 5, 4, 6 and 2. Mary Anderson seconded.
PASSED BY VOICE VOTE.**

ARTICLE 3: To see if the Town will vote to change the purpose of an existing Fire Substation (Riverside Drive Area) Capital Reserve Fund to the Land Acquisition Capital Reserve Fund. (2/3 vote required).

-Peter Bolduc moved the article. Gene Cordes seconded.

Gene Cordes reviewed the current departments (fire, police, rescue, civil defense) and their current facilities.

-Gene explained the purpose of article 3. Discussion on article followed.

-Motion made to stop discussion. Seconded. PASSED BY VOICE VOTE.

-HAND VOTE TAKEN YES-252 NO-38 ARTICLE PASSED BY HAND VOTE.

ARTICLE 5: To see if the Town will vote to raise and appropriate the sum of eighty thousand dollars (\$80,000) for the purpose of purchasing parcel 3-122 located at 417 Main Street in Fremont, and authorize the withdrawal of eighty thousand dollars (\$80,000) from the Land Acquisition Capital Reserve Fund. The Selectmen and Budget Committee recommend this appropriation. (Purchase of this lot will provide access to ten acres of Town-owned land). (If \$80,000 is withdrawn for this purchase, approximately \$20,000 will remain in the Land Acquisition Capital Reserve Fund).

-Gene Cordes moved the article. Mary Anderson seconded. Gene Cordes explained that these funds are reserve funds. Discussion and questions followed.

-Motion made to stop discussion. Seconded. Passed by voice vote to stop discussion.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 4: To see if the Town will vote to change the purpose of an existing Police Department Renovations (Town Hall Modifications) Capital Reserve Fund to the Safety Complex Capital Reserve Fund. (2/3 vote required).

-Mary Anderson moved the article. Gene Cordes seconded the article. No discussion.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 6: To see if the Town will vote to change the purpose of an existing Land Acquisition Capital Reserve Fund (balance of approximately \$20,000) to the Safety Complex Capital Reserve Fund. (2/3 vote required).

-Mary Anderson moved the article. Elizabeth Stanley seconded. No discussion.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 2: To see if the Town will vote to raise and appropriate the sum of one million seven hundred forty thousand one hundred twenty dollars (\$1,740,120) (gross budget) for the purpose of constructing and equipping a new Fire/Police/Rescue/Emergency Management Facility building, and to authorize the issuance of not more than \$1,740,120 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon and to authorize the withdrawal of \$36,000 and all accrued interest from the Safety Complex Capital Reserve Fund for this purpose. The Selectmen and Budget Committee recommend this appropriation. (2/3 ballot vote required, polls open for one hour).

-Mary Anderson moved the article. Elizabeth Stanley seconded the motion. Motion made to stop the meeting while voting on article. Seconded. Passed by voice vote to stop the meeting for one hour to vote on this article.

-Motion made to call the question. Seconded. Defeated by voice vote. Discussion followed.

-Gene Cordes introduced Mr. David White, Architect, for the proposed safety complex. Mr. White gave a brief overview of the process that was undertaken.

-A discussion and questions followed.

-Motion made and seconded to call for the question. Two residents were in line to ask questions and it was decided to let these two people speak before the question was called for.

-After a lengthy presentation by one resident a motion was made and seconded to call for the question. PASSED BY VOICE VOTE.

-THE DISCUSSION ENDED AT 6:45 PM. THE TOWN MEETING WILL BE RECESSED FOR ONE HOUR FOR VOTING. THE MEETING WILL RESUME AT 7:45 PM.

-7:45 pm the meeting resumed and counting of the ballots on article 2 continued by supervisors of the checklist and town clerk.

-THE RESULTS OF THE VOTE WERE:

418 voters registered. 403 voted on article 2. The results of article 2 were YES-147 NO-256 ARTICLE DEFEATED BY BALLOT VOTE.

-Mary Anderson made the motion that for this meeting and any future town meeting that each person be limited to three (3) minutes to speak on an article until everyone has had a chance to speak on an article. Peter Bolduc seconded the motion. PASSED BY VOICE VOTE.

ARTICLE 7: To see if the Town will vote to raise and appropriate the sum of forty thousand dollars (\$40,000) for the purpose of design work for repair of the Sandown Road Bridge over the Exeter River. The Selectmen and Budget Committee recommend this appropriation.

-Gene Cordes moved the article. Peter Bolduc seconded the motion.

-Gene Cordes explained the article. Question called and second. Passed by voice vote.

-ARTICLE PASSED BY VOICE VOTE.

(RESULTS OF ARTICLE 2 WERE READ--SEE ARTICLE 2).

ARTICLE 8: To see if the Town will vote to raise and appropriate the sum of fifteen thousand dollars (\$15,000) for the purpose of purchasing six (6) Self-Contained Breathing Apparatus units for the Fremont Volunteer Fire Department. The Selectmen and Budget Committee recommend this appropriation.

-Mary Anderson moved the article. Gene Cordes seconded the article.

-Discussion and questions followed.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 9: To see if the Town will vote to raise and appropriate the sum of eight hundred dollars (\$800) to pave a sidewalk entrance in front of the new playground at the ballfields on Main Street. The Selectmen and Budget Committee recommend this appropriation.

-Elizabeth Stanley moved the article. Peter Bolduc seconded the motion.

-NO DISCUSSION.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 10: To see if the Town will vote to raise and appropriate the sum of three thousand five hundred dollars (\$3,500) to be placed in the existing capital reserve fund for the purchase of a Highway Department Sander. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

-Mary Anderson moved the article. Gene Cordes seconded the motion.

-No discussion.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of twelve thousand five hundred dollars (\$12,500) to be placed in the existing Capital Reserve Fund for the purchase of a Fire Truck. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

-Gene Cordes moved the article. Peter Bolduc seconded the article.

-No discussion.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 12: To see if the Town will vote to authorize the establishment of a Capital Reserve Fund (pursuant to RSA Chapter 35) for the future revaluation of the town and to raise and appropriate the sum of twelve thousand dollars (\$12,000) toward this purpose. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

-Mary Anderson moved the article. Gene Cordes seconded the motion. Joe Dreyer explained the article. Discussion followed.

-Motion made and seconded to call for the question. Passed by voice vote to stop discussion.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 13: To see if the Town will vote to raise and appropriate the sum of ten thousand dollars (\$10,000) to be placed in the Safety Complex Capital Reserve Fund (formerly Police Station Renovations Capital Reserve Fund) for the purpose of a safety complex. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

-Gene Cordes made the motion to table this article. Mary Anderson seconded the motion.

-PASSED BY VOICE VOTE TO TABLE THE ARTICLE.

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000) to be placed in the existing Capital Reserve Fund for the purpose of purchasing a police cruiser. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

-Elizabeth Stanley moved the article. Mary Anderson seconded the motion.

Motion made and seconded to call for the question. Passed by voice vote.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 15: To see if the Town will vote to raise and appropriate the sum of five thousand dollars (\$5,000) to be placed in the existing Capital Reserve Fund for the purpose of a Highway Maintenance Building. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

-Mary Anderson moved the article. Gene Cordes seconded the motion.

-No discussion.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 16: To see if the Town will vote to raise and appropriate the sum of six thousand five hundred dollars (\$6,500) to be placed in the existing Capital Reserve Fund for the purpose of the Town History of Fremont. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

-Peter Bolduc moved the article. Joe Dreyer seconded the motion.

-No discussion.

-HAND VOTE - YES-172 NO-34 ARTICLE PASSED BY HAND VOTE.

ARTICLE 17: To see if the Town will vote to raise and appropriate the sum of twelve thousand nine hundred sixty-eight dollars (\$12,968) to purchase the 1995 police cruiser and authorize the withdrawal of twelve thousand nine hundred sixty-eight dollars (\$12,968) from the Capital Reserve Fund for that purpose. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

-Mary Anderson moved the article. Elizabeth Stanley seconded the motion. -No discussion.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 18: To see if the Town will vote to raise and appropriate the sum of nineteen thousand seven hundred twenty-eight dollars (\$19,728) to purchase and fully equip a 1996 police cruiser. The Selectmen and Budget Committee recommend this appropriation. (Majority vote required).

-Elizabeth Stanley moved the article. Gene Cordes seconded the motion. Discussion followed. Neal Janvrin, Police Chief, explained the need for this article.

-Motion made and seconded to call the question. Passed by voice vote.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 19: To see if the Town will vote to raise and appropriate the sum of one hundred dollars (\$100) in support of the Retired Senior Volunteer Program (RSVP), a non-profit organization. The Selectmen and Budget Committee recommend this appropriation.

-Mary Anderson moved the article. Gene Cordes seconded the motion.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 20: To hear the report of the Budget Committee and take any action the Town deems necessary.

-Mary Anderson moved the article. Elizabeth Stanley seconded the motion.

-GENE CORDES EXPLAINED THAT THE WINTER MAINTENANCE BUDGET FOR THE TOWN IS IN JEOPARDY DUE TO THE LARGE AMOUNT OF SNOW THIS YEAR, AS A RESULT, MR. CORDES MADE THE MOTION TO ADD \$25,000 INTO THE WINTER MAINTENANCE (LINE 4312) ACCOUNT. ELIZABETH STANLEY SECONDED THE MOTION.

-PASSED BY VOICE VOTE.

-MOTION MADE AND SECONDED TO CALL FOR THE QUESTION. PASSED BY VOICE VOTE.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 21: To raise such sums of money as may be needed to defray Town charges for the ensuing year and make appropriations of the same.

-Mary Anderson moved the article. Elizabeth Stanley seconded the motion.

-GENE CORDES MADE THE MOTION THAT THE TOWN RAISE AND APPROPRIATE THE SUM OF \$1,044,018 TO DEFRAY TOWN CHARGES FOR THE ENSUING YEAR. ELIZABETH STANLEY SECONDED THE MOTION.

-ARTICLE PASSED BY VOICE VOTE.

ARTICLE 22: To transact any other business that may legally come before this meeting.

-Mary Anderson moved the article. Elizabeth Stanley seconded.

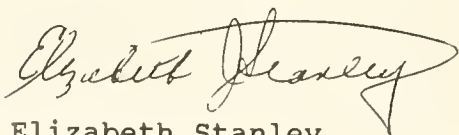

-Mr. Bernier stated that the Safety Complex Committee deserves a round of applause for the work that they have completed on the safety complex. The residents gave a round of applause to the Committee.

-Holly Knowles asked if Article 5 could be reconsidered. Mr. Bernier stated that at the beginning of the meeting the motion was made and seconded not to reconsider any article, therefore, this could not be done.

-Mike O'Keefe asked to recognize Peter Bolduc for his six years on the Board of the Selectmen. The residents in attendance gave Peter a standing ovation.

-Motion made and seconded to adjourn the meeting. Meeting adjourned at 8:35 pm.

Respectfully submitted,

Elizabeth Stanley
Town Clerk

THE YEAR IN REVIEW - FREMONT IN 1996

Weather-wise, 1996 was quite a year for Fremont and the region. It started off with the January 8th Blizzard of '96 leaving eleven inches of snow on the ground. That was soon followed by what became the third snowiest winter on record dating back to 1871, when official records were first kept here in New Hampshire. Later in the year, July became one of the wettest Julys on record, with August becoming one of the hottest and driest.

The beautiful fall foliage was interrupted by an unusually heavy rainstorm that began innocently enough on October 19, and steadily picked up high winds and rain on the 20th and 21st, no thanks to Hurricane Lili that stalled off the coast of New England. The wind-driven rains thoroughly soaked northern Massachusetts, southeastern New Hampshire and the coast of Maine, causing severe and unexpected flooding. Fremont was one of the worst affected towns by the flood in the three state region. Because of the damage, or the potential threat of damage, that a breaking Turner's Dam might pose, Fremont unexpectedly found itself the focus of extensive local and New England-wide media coverage. The dam held, but the region was soon declared a national disaster area. Though the historic New Hampshire Floods of 1896, 1936 and 1987 were severe, the Flood of 1996 was considerably more damaging to the town and area than any of its predecessors.

The weather was still determined to leave its mark on the town before the year was out. On December 6 & 7, two back to back Noreasters slammed into the area with their gusty winds and wet heavy snows. Due to the unusual amount of moisture in these two storms, an extreme number of trees and branches fell under the weight of the heavy snows. Trees and limbs fell on homes, cars, roads, businesses, and powerlines, causing the worst power outage in New Hampshire history. It took up to five days before power in Fremont was completely restored. Many people had to abandon their homes and stay with friends or families until heat and electricity could be restored. It certainly was not a dull year weather-wise for our town.

1996 also marked another milestone in Fremont's history. This year the population reached 3,000. In 1971, just twenty-five years ago, the town had reached the 1,000 mark for the first time in its history. It will be interesting and challenging to see how many more people will discover our town in the next 25 years. The days of Fremont being a sleepy, out-of-the-way little village are fast receding into the past.

In yet another unusual milestone, this once heavily Republican town, named no less after John Charles Fremont - the first Republican Presidential Candidate in US history, changed its political colors and voted Democratic for the first time since 1868 in a Presidential Election. President Bill Clinton received 539 Fremont votes to Robert Dole's 538. A real squeaker.

Attendance at the March 16th Annual Town Meeting was a record breaker for Fremont with 418 voters attending. The reason for the large turnout was primarily due to voters turning out to vote on a proposed \$1.7 million safety complex. Voters defeated the complex, but were farsighted enough to purchase land so that a future complex might be situated upon it. Never before in the town's history have so many people turned out for a town meeting. Even the 1992 town meeting had only 300 people in attendance.

On October 19 another significant event occurred when the historic Nathan Merrill Tavern on Main Street opposite Beede Hill Road was demolished and burned. This historic landmark served as a tavern from 1771 until 1828. Several town meetings were held here, and it was in this building that Fremont's first post office was established in 1818. Daniel Webster, the future great American statesman, spent a night in this tavern while on his way to start school at Phillips Exeter Academy in 1796. Also, New Hampshire's most notorious colonial criminal - Henry Tufts, spent a "season" at this popular old tavern.

The well known Vining's Market passed on into history in August when the name of the store was officially changed to Bosworth's Market. Jim & Lisa Bosworth purchased the store in November 1995. The store had been known as Vining's since 1962 when Essex Vining purchased Lawler's Store from Ella Lawler. During the 1970's and early 1980's this store was a very popular meat market with many customers travelling over 50 miles to purchase specially cut meats.

The first canopied gas pumps in Fremont were erected at the Village Market in early August. Ramona's Restaurant on Route 107 had a three and one-half month run from March to July. It was later reopened in November as the Fremont Country Cafe. Copp's Video Shop on Route 107 opened in early December, replacing Fremont Video which had opened in March. In July, Reverend John Barner replaced Reverend David Whitford as pastor of the People's United Methodist Church. For the first time since the early 1970's the Fremont Methodist Church was yoked with another small Methodist Church. This time, instead of being yoked again with Raymond, the church was yoked to East Kingston, and thus seems to be thriving once again.

And last but not least, the **Fremont Town History** being compiled by this author, is progressing very well. It is hoped that if all continues to go well, the book will be completed in time for Christmas 1997 or by mid 1998. It is a major undertaking and your patience and support is very much appreciated.

Respectfully submitted,

Matthew E Thomas
Official Town Historian

Decks	12
Home Business	2
Renovations & Additions & Sheds	30

Permit Fees Received	\$14,345.00
Expenditures	7,887.19

Surplus to General Fund	6,457.81

There were eighteen less new single family dwellings built in 1996 than there were in 1995.

Respectfully submitted,

Keith Stanton
Building Inspector
Code Enforcement Officer

Demolition of the Old Nathan Merrill Tavern 1771-1828 on October 19, 1996.
This was the Town's first Post Office, and was a popular tavern.

CONSERVATION COMMISSION REPORT

The Conservation Commission has kept very busy throughout the year reviewing dredge and fill applications from developers, businesses and homeowners as the town continues to grow. Site visits and recommendations concerning the town's wetlands have all added to the Commission's work load. This year also commemorates the successful reestablishment of a wetland that had been destroyed along Whittier Drive.

The Conservation Commission spearheaded a joint, informational meeting with the various Town Boards to discuss the importance of working toward implementation of a Geographical Information System (GIS) for the town. Implementation of a GIS System for Fremont would facilitate not only reconciling the tax map with the USGS map for the town but would allow eventual integration of a soils map, wetlands map, aquifer map and land use map into compatible formats that would permit them to be overlaid. All participants agreed that the system would provide them with a better means to make more informed decisions for the town and that the matter should be investigated further.

This year marks the establishment of the Exeter River Advisory Committee which included local representatives from each of the towns within the Exeter River Watershed. The Committee has been charged with advising the New Hampshire Division of Environmental Protection in the development of a management plan for the Exeter River and with increasing awareness of the river system through citizen education.

In addition, the Commission is pleased to announce the establishment of a conservation easement that provides public access to the Exeter River in Fremont. Mr Peter Bolduc has graciously worked with the town to create the easement on his property.

The Conservation Commission meets on the first Monday of each month at 7:30 pm in the Town Hall. Citizen input concerning town conservation issues is always welcome.

Respectfully submitted,

William H Knee
Secretary

FIRE DEPARTMENT REPORT

1997 will mark my 20th year as Fire Chief and 44 years of service to the Department, and I have seen a lot of changes, not all for the best. Perhaps one of the most disheartening is the marked decrease in volunteerism. The increase in required training takes a lot of time away from home and family. In addition Fremont is one of about four towns in the county that do not receive any type of compensation. Another thing that does not help the spirit of volunteerism is the budget restraints. The Fire Department budget has been about the same amount for the past ten years. For the coming year it has been cut \$3,350 and the Town is still growing by leaps and bounds. I understand there are about 200 buildable lots now available. The paper work has increased unbelievably in the past few years. There are reports, inspections, Day Care Center inspections, and problems at Ellis School. I asked for five hours per week of clerical help and only two hours were recommended for funding by the Budget Committee.

The Department has seen a marked increase in carbon monoxide detector calls. As new ones are purchased by residents they are finding they have carbon monoxide problems. We have yet to go on a faulty detector call. We have also received many calls about defective power vents, which take the place of a conventional chimney. They have caused an odor or created black soot on outside walls, or inside the home. I would very much like to see the Town readopt an ordinance requiring masonry chimneys.

We have seen increased request for portable generators, during power outages, the flood, ice storms, etc. Due to health care policies we have many people at home on respirators, oxygen, suction, and IBP machines. We only have one generator mounted on Engine 2. This last threat of an ice storm I purchased one and would like to get a second one. The Department has been using two that I own personally.

We still have SPACE problems at the station. We have to drain truck tanks, Indian pumps and store them in an unheated town shed. Excess hose is stored in the Town Hall where the basement doesn't flood. I store some things in my place of business and some of the firefighters keep items at home and in the workshop and garage. I sure hope the station problems can be solved this year. I feel it would help morale and volunteerism. Remember we would like more people to become involved in fire fighting and its related activities.

I would like to thank everyone who helped with the demolition of the building we purchased last year at 417 Main Street. Jon Olson and Leon Holmes Sr donated heavy equipment which made the job go much easier and quicker. We also can't forget the people who did the back-breaking manual labor and sat up through the night tending the fire. I also want to thank the men, women, and officers of the Fremont Fire Department for their hard work, day and night, holidays, hot and cold weather, for their quick response and dedication under adverse conditions. Thank you for a job well done.

Respectfully,

Richard C Heselton
Fire Chief

PS - We are getting better, we only broke five side view mirrors on the station doors this year. I think it was seven last year with the one inch clearance!

HEALTH OFFICER REPORT

The big story this past year, of course, was the flooding of the homes in October in the flood plain on the Exeter River at Tibbs Grove. The individual devastation was great and repair work in the home is still ongoing. Everyone cooperated to prevent an outbreak of any illness from this disaster. I appreciated all the help from all Town agencies involved and particularly the superb coordination of all efforts from our Administrative Assistant Heidi Carlson. She spent hours above and beyond the call of duty to make sure people affected by the flooding were cared for. Fremont is very fortunate to have an employee of her caliber.

Because of the makeup of the soils in Fremont, iron and manganese are found in most wells in town in varying degrees. These minerals are not harmful in drinking water. However, they do cause rust stains or gray stains in laundry and a film on clean dishes which is annoying. The well digger is not responsible for these minerals nor the hydrogen sulfide odor which may be produced by their presence on occasion. The only possible solution at present may be a treatment/filter system which could be very expensive.

It has been my pleasure to serve as your Health Officer for the past year and may we work together to keep health-related problems at a minimum in this coming year.

Respectfully submitted,

Trudie Butler
Health Officer

Flooding at Tibbs Grove
October 21 & 22, 1996

HISTORICAL SOCIETY REPORT

1996 was a very busy and active year for the Fremont Historical Society. In addition to holding our monthly meetings on the second Tuesday of the month in March, May, September and November, members of the society undertook many worthwhile activities throughout the year.

First and foremost, members of the Society extend their thanks and appreciation to Mr & Mrs Jeremy Lennon of Main Street for generously donating temporary storage space in one of their barns. This allows the FHS to house large bulky memorabilia on a short-term basis, until we can acquire larger museum headquarters. Our current museum in the old 1894 Town Library building measures only 16' x 20' and can no longer be opened to the public due to it becoming more storage than exhibit space. It remains to be seen as to what the Society can do to remedy this space problem. If anyone has any ideas, we would certainly appreciate their suggestions.

During the year the Society opened the Old Meeting House for public viewing, sponsored an Election Day Bake Sale, funded the cost of re-erecting the "Welcome to Fremont NH" sign in front of the Old Meeting House, and erected a sign to designate the site of the circa 1883 Gagnon Graveyard on Route 107. The FHS thanks Ben & Floyd Kelly and Mrs Helen Seavey respectively, for their kind assistance in making these two projects possible. Also, the Society continued with its project of updating burials in the various town cemeteries. The project should be completed in 1997. Also, a photo showing the old Fremont Band House was included in a major exhibit titled "Bands & Bandstands of New Hampshire," sponsored by the NH Historical Society in Concord. Fremont has the distinction of being the only known NH town to have built a Band House solely for the purpose of band practices by the local town band. Many towns usually used town halls or other public buildings for that purpose. Thus the reason why the photo was included in the exhibit.

Also, thanks are extended to an anonymous donor who installed a free light pole behind the Old Meeting House, as well as to Bob Strople and Dale Turner for donating their time and equipment in hooking it up.

A generous donation for the long awaited State Historic Marker commemorating the historic 1861 Civil War Riot at Liberty Square (intersection of Sandown Road and Main Street) was thoughtfully donated for that purpose by Mrs Priscilla Osgood Carroll of Manchester NH. Mrs Carroll is a descendant of the old Enoch Osgood Family of Fremont which lost three sons in battles during the Civil War between 1861-1865. The marker is expected to be erected at Liberty Square in the very near future. This 1861 Civil War Riot was the first of its type to occur in New England and is therefore a rare and major historical event in New Hampshire history and is finally being recognized as such.

Efforts are currently underway by the Society to assist a Troop 1 Boy Scout in raising funds to sponsor a professionally produced "Historic & Scenic Fremont NH" videotape that will be made available for sale later this year. The Boy Scout undertaking this project is trying to earn his Eagle Scout badge. A Concord NH film company will direct and produce the Fremont videotape. They have extensive experience producing scenic town & city history videos. The Society sincerely hopes that townspeople and local businesses alike will enthusiastically and generously support this very worthwhile endeavor.

Again, the FHS is very grateful for the extensive deed and probate research being conducted by Mr Dave Senter of Fremont. Dave has spent countless hours researching ancient Fremont deeds and probate records dating back to the 1720's. Thanks to his diligent efforts, an amazing amount of fascinating and unknown facts pertaining to the early history of Fremont are finally coming to light. He recently was able to identify the origin of an old graveyard located northeast of East Evergreen Estates. The Moses Leavitt Graveyard dates back to about 1760 when the family lived in a house close by. He also was able to identify several cellar-holes around town and the families that once occupied them as homes. Few can

truly appreciate the persistence, patience and hard work that it takes to extract some of these small, yet very important facts. Dave has proven his dedication to these important projects, and the society extends its thanks and appreciation to him for all that he has done to help preserve Fremont's eventful and colorful history.

New museum acquisitions this year include: crash debris from the 1959 Spruce Swamp B-52 Bomber plane crash, a complete WWII uniform belonging to the late Fremont native Roscoe Holmes; a 1900 Scribner Road Bridge plaque; a 1953 Diary; a Fremont Grange Treasurer's Book; a Vining's Market sign; a rare photo of Fremont's third town doctor - Dr William Whittier Brown, 1805-1874; a rare rear-view photo of the Fremont Railroad Station; old Black Rocks Millsite artifacts; wooden pegs from the recently demolished Nathan Merrill Tavern; a bean separator machine; and several old Spaulding & Frost Cooperage items. The society appreciates these recent acquisitions, and encourages anyone who wishes to donate items to contact a member of the society, or call 895-4032.

I sincerely thank all the members of the society, and various individuals, for their interest, hard work and support in helping to preserve and make Fremont's history a priority.

Respectfully submitted,

Matthew E Thomas

PARKS & RECREATION COMMISSION REPORT

In 1996 the Fremont Parks & Recreation Commission had another successful year with recreational programs in the Town of Fremont.

Activities offered throughout the Spring of 1996 included the Annual Pancake Breakfast with the Easter Bunny, Bike and Doll Carriage Parade in conjunction with the Memorial Day Parade, as well as a trip to Fenway Park to see the Red Sox wallop the Detroit Tigers. The summer program encompassed all grades (one through eight) for six weeks. This brought our enrollment to approximately 200 children, all from the Town of Fremont. During the Fall we had our Annual Halloween Party with a special appearance from "Elmo" and a training class in CPR was made available to residents. To end the busy year, Fremont Recreation, the Fremont PTA, and the Fremont Fire Department joined together to invite the children of Fremont to visit with Santa, do the Christmas Limbo, and make a Christmas card for someone special at a very successful Christmas Party held at the Ellis School.

This past Spring, a walkway was constructed into the playground, which is located at the Joe Bonis Memorial Park. Its purpose is to improve handicapped accessibility to the playground. Also, after a long time being absent, there is a new Joe Bonis Memorial Park sign, which is located in front of the playground. At this time, the Recreation Department would like to thank Norman Martineau for donating his time to make this sign. The final project of 1996 was to cover over the dugouts at the pony field and construct a swing gate at the entrance to the fields. Because of contractor scheduling, the work will be completed in the Spring of 1997.

Upcoming projects for 1997 will include improved field maintenance, some adult classes, sporting events (Red Sox & New England Revolution Trips), a Seniors Foliage Trip with lunch, teen dance, portable benches for the Pony League Field, which will be used during soccer, and a self-defense class.

At this time I would like to thank all members of the Commission for their time and dedication throughout the year. Thank you to the Fremont Athletic Association, Ellis School, local businesses, Selectmen and Town Office Staff for your continued support. We would also like to thank the Friends of Fremont for their years of service to the Parks & Recreation Commission. This year brought closure to the Friends, due to decreasing membership.

Lastly, I would like to recognize Kim Martineau for her years of service and dedication to the Fremont Parks & Recreation Commission. Kim has served as Chairperson for several years and worked very hard to meet the growing needs of our town. She will be leaving Recreation when her term expires in March. Her presence on the Parks & Recreation Commission will surely be missed. On behalf of the Parks & Recreation Commission we thank you for your service Kim, and wish you well in future endeavors.

Respectfully submitted,

Stephen Burke, Chairperson
Kimberly Martineau, Co-Chairperson
Margaret (Peg) Pinkham, Secretary
Mary Jo Dzioba, Member at Large
Amy Welch, Member at Large

PLANNING BOARD REPORT

The printing of the Town's Annual Report is not only a requirement but an important document due to its content and intended purpose. It can be the only source of information for many residents. It is required reading before the annual town meeting and is a great reference should a controversial situation arise in town. There is another function of the report that may be overlooked. The forecasting of the budgeting needs for the town by the various boards or critical departments.

The Planning Board functions using the same forecasting techniques, and makes unbiased decisions based on regulations and factual information. At times the decisions are very difficult and may not seem to be in the best interest of the town, but they are based on regulations enacted by the townspeople and state law. They must be legally dependable.

In 1996 the Planning Board adopted amendments to rules and regulations as required by the State of New Hampshire and in response to the growing needs of the community. They are as follows:

1. A plat that required septic review must be approved by the State of New Hampshire first.
2. Any modification to a plat following approval must be forwarded to the State.
3. Minor lot line adjustments may be made at a regular meeting following notification to the public.
4. Persons with professional seals that appear on a plan or plat must be part of the notification process.
5. If a design review is required then a bond must be posted by the applicant to cover the cost.
6. The Planning Board's fee structure was amended to reflect the actual cost of a review, processing and acceptance/rejection of an application.

In 1996 the Board saw the departure of valued members Mrs Cindy Ouellet and Mr Cornelius O'Brien, but gained Mr Luis Colom and Mr Joel Breton. The individuals that devote their time and effort must be commended. The Board is blessed with excellent recordkeeping, organization and response.

This year, besides working with Rockingham Planning Commission toward emending chapters of the Master Plan and holding several informational sessions with citizens of the town relative to regulations as they pertain to the individual, the Planning Board reviewed and/or acted upon **eleven Site Plan Review** applications which included six new business, four expansions to existing businesses and one expansion still pending; **eleven Subdivision** applications including five completed with a total of 58 new building lots with six applications still pending; **three Lot Line Adjustments**; **two Scenic Road** applications; and renewed **seven Excavation Permits**.

The Board anticipates that it will finalize the amendments to the Master Plan, develop a draft growth ordinance, and work closely with the School Board in the new year. Your Planning Board is well aware of the problems in our community and can only respond in a sound and legal manner. If you have any input or concerns that you think will benefit the Planning Board or your community please feel free to contact the Board through Meredith Bolduc at 895-2918 Monday - Friday 9:00 am to 4:00 pm.

Respectfully submitted,

John P O'Hare
Chairman

POLICE DEPARTMENT REPORT

In 1996 the Fremont Police Department responded to 1593 calls for service, and 239 animal control complaints. We did 3733 vacant house checks and 2612 business checks. We stopped 1417 cars and made 66 arrests.

I have listed by category the type and number of reportable offenses that the Fremont Police Department responded to in 1996.

Burglary	19	Motor Vehicle Arrests	22
Juvenile	22	Motor Vehicle Summons	227
Theft	24	Motor Vehicle Accidents	46
Assaults	2	Towed Motor Vehicles	6
Fraud	12	Assist Other Departments	90
Stolen Property	6	Animal Control	129
Vandalism	19	911 Hang Up Calls	57
Drug Offenses	5	Assist Fire/Ambulance	90
Sex Offenses	2	Vacant House Checks	92
Domestic	40	OHRV Complaints	8
D W I	7	All Other Except Traffic	90
Liquor Laws	2	Town Offenses	11
Alarms	37	Harassing Phone Calls	25
Police Information	13		

Since I became Police Chief in 1989 we have seen considerable changes in Fremont. The number of roads has increased, 254 new dwelling units have been constructed, patrol hours have increased from eight per day to 16 per day. Over this time period I have seen a dramatic increase in both calls for service and the patrol activity. Our number of reports has risen 64% since 1992, and our patrol activity went up 28% in just one year. These changes are causing ever-increasing demands on all town services.

We still need your help as there continue to be problems with locating addresses because of the lack of a visible number. Your street number should be on both sides of your mailbox, and on the outside of the building next to the front door. The numbers should be of sufficient size and with enough color contrast to be easily seen from the street.

The Town of Fremont has adopted an ordinance concerning the use of alarm systems. This ordinance helps us identify where the alarms are located and it also gives us the necessary information that is needed in the event of an emergency. If you have an alarm system in your home or business it is required that it be registered with the Police Department. This is done at no cost to you. Stop at the Police Station or call the business office at 895-2229 for a registration form.

We again urge all of our residents to become more aware of your neighborhood. If you see a problem or you think something is not right, please call us by calling the Rockingham County Dispatch Center at **679-2225**. If you are going to be away, arrange with a neighbor to pick up your mail and newspapers. Call or come in to the Police Station, fill out a request for a vacant house check and we will put you on our House Check List.

With the financial support of many of our businesses and private citizens, and with the cooperation of the Fremont School Board, the staff at Ellis School, the Rockingham County Sheriff's Department and Deputy James Szeliga, who is the Instructor, and the dedication of Barbara Baker, we were able to complete a D A R E (Drug Abuse Resistance Education) Program in 1996. This program is taught for 17 weeks at the Ellis School by a certified D A R E Instructor. We were able to again offer this program for the 1996-97 school year.

The Fremont Police Department Explorer Post #249 has completed its second full year. The commitment of the cadets and the advisors to the explorer program has been outstanding. The Daniel Webster Council honored the Fremont Police Post by choosing them the State of New Hampshire "Rookie Post of the Year". The Cadets have proven themselves to be a valuable asset to the Fremont Police Department and the Town of Fremont.

I wish to thank the residents of Fremont for your continued cooperation and support. I also wish to thank the Board of Selectmen, Town Office Staff, the members of the Fire Department, Rescue Squad, Highway Department and each member of the Police Department: Barbara Baker, Lieutenant Peter Lamb, Sergeant Clifford Emery Jr, Officers Charles Rand, Roger Anderson, Daniel Whitman, Reese Bassett, John Murray and Pat Golden for their support in 1996.

Respectfully submitted,

Neal R Janvrin

RESCUE SQUAD REPORT

1996 was a normal year for calls in Fremont. There were periods without calls; but when called, we were getting several calls daily for days. Calls varied from minor cuts, motor vehicle accidents and the like, to the more serious heart-related calls. The Squad kept within budget and used surplus savings to further upgrade the rescue truck, 20M1. Fitted with a weather-tight rear body cover and some interior upgrades, the truck is more functional.

As usual we had some members come and go while maintaining 12 members new and old. All members have used the training budget and kept or advanced in their level of emergency medical training. Late in 1996 the Squad purchased a Viva Link Automated External Defibrillator. This is a valuable machine currently used by all hospital and ambulance personnel to save heart attack victims. Squad members have been trained and certified on the machine. The Viva Link will be programmed and ready for use early in 1997.

We would like to thank all residents and town departments who have contributed and assisted us this year on a regular basis. Anyone interested in joining the Squad should call Benny at 895-9327 or Kevin at 895-3099 for more information.

Heidi Carlson is currently our only female Squad member and has provided the warmth and comradeship that the Rescue Squad lacks with its mostly male roster. In 1984 Lisa Anderson and some of her female friends asked me to help raise the hopes of trying to start a rescue squad for Fremonters. I watched her fight her way through the waysayers and town officials and make this Rescue Squad. I watched her determination turn into reality as with most great ideas. I've not seen this strength and loyalty to the Rescue and Fremont residents since those early days. Everybody is so busy today, there just doesn't seem to be time enough to give. I hope to see more females join the Rescue to try and recapture the enthusiasm and excitement we once had. I'll always cherish the memories acquired during those early rescue days. Thank you Lisa Anderson, Al & Patty Martel, Joan & Chuck Poole, Shawn Hill, Carol Gould and others for founding this Rescue Squad in 1984.

I've been on the Rescue since day one and continue to serve Fremonters as much as I can. Over the years I have seen the Fire and Police Departments on many of our calls and have come to realize the Rescue is totally different in many ways. We see the older residents who we've all come to know personally and love very much. We know we may be the one by their side in their last moments of life and this has always brought sorrow upon us. We've had members leave the squad because this personal involvement in life and death situations is very heavy on our hearts. To commit yourself to the rescue is to totally involve yourself in the people. We know who is sick with what illness, who may be next to fall, and prepare ourselves for the day we are called, hoping we can comfort and assist these people. I decided to share this moment with Fremont residents to let you know we are involved, we care, and are always ready to give our all for you. I hope there are other people out there with the time and commitment to join us and help serve Fremont residents and friends.

Respectfully yours,

Alfred P Benedetto Jr

ROAD AGENT'S REPORT

Major projects for 1997 are to overlay Chester Road with one and one-half inches of hottop from Sandown Road to the Chester town line; to overlay Poplin Drive with one inch of hottop. After replacing one culvert and lifting a 200 foot section, Beede Hill Road will be overlayed with one and one-half inches of hottop from Shirkin Road to the Epping town line. Bean Road is to be paved after some reconstruction work from the edge of now-existing hottop to the Danville town line.

During 1996 several projects were undertaken successfully. We caught up on some of the roadside mowing and brush cutting. Overlays were done on Louise Lane, Rogers and Leavitt Roads. Pond Lane was repaved following more reconstruction work than had been anticipated. A large drainage project was completed at the intersection of Beede Hill and Shirkin Roads which has helped to alleviate a water problem there.

I wish to thank all of the Townspeople for their support and cooperation. Thanks to all of the town Departments for their cooperation as well. A very special thanks to all of the men who work with me, especially in the winter. I couldn't have a better crew. You are awesome.

Respectfully submitted,

Guerwood M Holmes
Road Agent

Demolition of the Old Nathan Merrill Tavern in October 1996.
Several Town Meetings occurred here early in it's history.

BOARD OF SELECTMEN'S REPORT

With the severe weather and planning of upcoming projects, coupled with the day to day administration of Fremont, the past year has been full of activity.

The Sandown Road Bridge is currently being engineered and funds are requested as part of the 1997 budget for reconstruction. The consultant review process took the summer months to complete, and in September we signed a contract with Bettigole Andrews & Clark Inc of Concord NH. Funding in the amount of \$443,382 is planned for reconstruction and final engineering of the bridge which we plan for the upcoming construction season. Of that, we have budgeted 80% will be returned to the Town as part of the NH Municipal Bridge Aid program.

A tremendous amount of time, energy, and dedication was allocated to the community and residents during the flood in October. Public safety services were pushed to the limit in an effort that brought many aspects of the community together in a time of crisis. As a result of the flood, and a subsequent extreme weather incident in early December, we are again working on an emergency management contingency plan. Forces organized quickly and efficiently during both of these incidents and brought our attention to issues which need to be addressed further, such as preparations for emergency shelter and food.

The 1997 Town Meeting Warrant contains a scaled down proposal for a safety building to be located on the Town property at 417 Main Street. The proposal contains space for fire, police, rescue, and emergency management services. The total cost of the proposed project is \$984,287 which is approximately 57% of the proposal presented in 1996. Committee members, Selectmen and public service agencies have spent a good deal of time on the proposal. We hope you will review it carefully.

We are already looking ahead to 1998 when the final landfill closure construction will take place. The 1997 budget contains \$34,500 for engineering, water sampling and testing, and preparation of preliminary and final closure plans. We are hoping to identify low interest loans for use when the closing is to occur.

A heartfelt thanks is offered to all of the Town's volunteers, contractors and staff. Without all of whom, the Town would not function. Your time, efforts and dedication do not go unnoticed.

We were saddened with the loss of several members of the community in the past year. Of those who were town officials, three were actively serving the Town of Fremont up until their death.

Citizen input is important to the Board and the public is always welcome at our meetings on Thursday evenings at the Town Hall. The Selectmen's Office is open daily 9:30 am to 12 noon and 1:00 to 4:00 pm, and on Thursday from 1:00 to 4:00 pm.

SOLID WASTE COMMITTEE REPORT

As the Selectmen are satisfied with the performance of Carl Hussey of Brentwood as hauler of trash and recycled goods, his contract was renewed for the year 1997, subject to a mutually agreeable percentage increase in the charges.

As usual, there were two collections of bulky goods, one in May and one in October. These collections are accomplished at very small cost to the town, thanks in large part to the all-volunteer Solid Waste Committee and to the many workers who show up on collection days.

After a promising start, the trend of recycling continues to be downhill. About 85% of our households have recycling bins, yet recycling seems to be "going out of style." In order to meet the state mandate (as yet not enforced) that 15% of all solid waste be recycled, it may be necessary for Fremont to resort to pay-per-bag trash disposal, or to mandatory recycling.

During the past year the Solid Waste Committee has been studying the question of setting up a waste oil recovery station in Fremont. We have concluded that it is not practical at the present time, since we have no town shed or trash transfer station where the collection tank could be housed.

Respectfully submitted,

Edward Wall

Looking South on Route 107

STATE REPRESENTATIVE REPORT

The 1996 session of the New Hampshire Legislature began on January 2 and ran through June 13, the final session day.

The Executive Department and Administration Committee of which I am a member, reviewed and reported on 89 bills. This large number of bills necessitated long hours of public debate and discussion. Bills needing extra work were put into study, which required that subcommittees met well into the fall.

This past year I sponsored four bills that were heard by various committees.

HB #1484 dealt with the problems of unfunded mandates, which is in violation of our constitution, which state agencies continue to pile onto the cities and towns. This bill was heard by the House Legislative Administration Committee, rereferred to a study committee, which never met and was killed by a motion inexpedient to legislate. This bill with slight changes has been resubmitted for the 1997 session.

HB #1295 dealt with the problems associated with the reformulated gasoline that we are forced to use. The state was asked to exempt all the counties from the requirement to use reformulated gasoline and to conduct a study to show the effect on motor vehicles, machinery and small gas engines. This bill was referred to the committee on Science, Technology and Energy. This committee did not feel that there were any problems and voted inexpedient to legislate.

HB #1230 was to delete the authority of the Boxing and Wrestling Commission to oversee amateur boxing and wrestling. The Commission would retain it's authority over professional boxing and wrestling. This was a result of the passage of HB #105 in 1995 which required the Commission to cooperate with USA Boxing. The bill was heard by the Executive Department and Administration Committee which rereferred the bill to 1997 to allow extra time for compliance by the Commission.

HB #1239 revises the regulatory authority and duties of the Board of Auctioneers and establishes professional standards for auctioneers. It would increase public protection. This bill was heard by the Executive Department and Administration, and voted out of committee ought to pass. The bill was passed by the whole House and forwarded to the Senate. The Senate found the bill inexpedient to legislate after the New Hampshire Auctioneers Association utilized a lobbyist to ensure that the bill would be defeated. New legislation to deal with the problems that exist has been filed for the 1997 session.

On November 5th the voters of Rockingham County District 10 (Chester & Fremont) gave me their support for another two years as their Representative to the General court in Concord. I thank you for this honor and will continue those conservative policies which I have practiced in my previous two terms as your representative.

My job is made easier when you are willing to share your thoughts and ideas with me.

I may be reached by phone at 483-8792 or you may write to me at:

**REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST
RANGER**

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing any open burning. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the N.H. Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws please call our office at 271-2217.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments.

REPORT OF ROCKINGHAM COMMUNITY ACTION

Rockingham Community Action (RCA) is a private, non-profit corporation. Our mission is to serve the multitude of needs of Rockingham County's low-income residents by assisting them in coping with the hardships of poverty, giving them the tools to lift themselves out of poverty and seeking to eradicate the root causes of poverty. RCA has been addressing these needs for over thirty years.

Greater Raymond Community Action Center is an outreach office of RCA that serves residents of Fremont and 12 other communities, and as such acts as Fremont's central resource for information regarding all available human services. RCA also offers intake, clinic and distribution sites in over half of the county's thirty-seven communities for the application and provision of various Community Action services.

Community Action provides a wide range of services that are unduplicated elsewhere in the county. Most of these services meet immediate, critical needs and all have a direct and positive impact on people's lives. The following services were provided by Community Action to eligible residents of Fremont from July 1, 1995 through June 30, 1996:

38 households received one of a group of Fuel Assistance Programs, services that provide financial grants of up to \$585 to income eligible households to assist with energy-related expenses through the Fuel Assistance Program (some households also receive furnace cleaning and budget and energy counseling services), or grants of up to \$250 for fuel and utility emergencies for households not eligible for the Fuel Assistance Program through the Neighbor Helping Neighbor and the Senior Energy Assistance Service.

6 homes were weatherized through the Weatherization or Energy Management Services Programs, which provide high quality energy conservation materials and skilled labor to weatherize homes of income-eligible and high energy-using households in order to reduce heating costs and conserve energy, and provides major repairs or replacement of heating systems for low-income homeowners.

1 household received help through the H.O.M.E. Program, which provides major rehabilitation of single family, owner-occupied homes, emphasizing health and safety repairs, including water and septic systems, structural, roofing, electrical, and heating system work.

26 children and day care providers participated in the Family Day Care Program, which provides training and technical assistance to day care providers and sponsorship of the USDA Child and Adult Care Food Program.

16 child care referrals were arranged through the Child Care Resource and Referral Program, which compiles current data on all available child care options, provides child care referrals to employees of participating companies as well as to the general public, and expands the supply of quality child care by recruiting, training and assisting new child care providers.

6 individuals received services through Family Support Programs, which provide support services, transportation and protective child care to support and stabilize families at risk of child abuse through the Accompanied Transportation and Family Resource & Support Programs.

48 women, infants and children received help through the WIC or Commodity Supplemental Food Programs: WIC offers supplemental nutritious foods, nutrition education, breast-feeding support and health care screening/referrals to pregnant women, nursing mothers, infants and children up to the age of five; the Commodity Supplemental Food Program provides monthly allotments of commodity foods and nutrition education materials to senior citizens, postpartum women and 5 year old children.

3 children were enrolled in Head Start, a comprehensive early childhood development program that provides education, health, nutrition and family support services to income eligible pre-school children and their families.

22 individuals received food through the Emergency Food Assistance Program, which distributes USDA surplus food to emergency food pantries, soup kitchens and shelters throughout Rockingham County.

1 household received Crisis Services, programs that provide emergency grants to income eligible households for the payment of rent, mortgage, electricity, fuel or other basic necessities for those facing evictions, foreclosures, utility terminations, lack of fuel or other emergencies.

1 household was enrolled in the Emergency Response System, a program that provides immediate twenty-four hour access to community medical responders for disabled individuals in order to ensure their safety and maintain their independence and quality of life.

In addition to these major programs, much of our staff time is devoted to working with people who come to us seeking help. During the past year, we logged 186 calls or visits from Fremont residents, many of which were crisis calls involving fuel or utility problems, the lack of food or clothing, or general financial needs. By working closely together with local and state welfare administrators, fuel and utility companies, other human service agencies and interested clergy and civic groups, we are able to link those in need with the services available to them.

The services provided by our staff, together with the programs provided by our agency, have a direct and significant effect on Fremont's welfare budget. If our services were decreased due to lack of funding, the town would experience a resulting increase in requests for local welfare assistance.

Since the services we provide greatly relieve the towns we serve of the full financial burden of providing for the needs of their low-income residents, we ask every community we serve to make a financial contribution to our agency based upon the level of service we have provided to its residents. The amount we request equals 5% of the total dollar value of services we provided during the previous fiscal year, which means that we request \$5.00 for every \$100.00 we provided in direct services.

From July 1, 1995 through June 30, 1996, Community Action provided \$115,055 in services to Fremont residents. We are therefore requesting the town of Fremont to contribute 5% of this amount, or \$5,753. The town of Fremont has contributed to our agency for many years, and we extend our appreciation to you for your continued support.

Cordially,

Daniel Reidy, Outreach Center Director
Greater Raymond Community Action Center
Rockingham Community Action

ANNUAL REPORT

Southeast Regional Refuse Disposal District 53-B
86 Lafayette Road, P.O. Box 830
North Hampton, NH 03862
(603) 964-7116

* Brentwood * Fremont * Hampton * Hampton Falls * Kensington * New Castle
North Hampton * Rye * Sandown * South Hampton

This Annual Report covers the period December 1995 to December 1996 in accordance with Section 2.7 of the District Agreement, which states that the District Committee shall hold an Annual Meeting on the first Tuesday of December each year to receive reports, choose officers, and appoint members to the Operating Committee.

The District Agreement states that the District's fiscal year shall commence on April 1 and shall end on March 31 of each year. The District Budget covers this fiscal period.

At the Public Hearing and Annual Meeting on December 6, 1995, the District elected the following Officers to serve from December 1995 to December 1996:

Chairman	Virginia Raub Hampton
Vice-Chairman	Henry Mixter North Hampton
Secretary	Winthrop Comley, Hampton Falls
Treasurer	Joseph A. Melville Hampton Falls

COMMITTEES 1995 - 1996

OPERATING COMMITTEE

Virginia Raub, Hampton, Chair
Henry Mixter, North Hampton
Brentwood
New Castle
South Hampton

ADMINISTRATIVE

Virginia Raub, Hampton, Chair
Henry Mixter, North Hampton
Winthrop Comley, Hampton Falls
Joseph A. Melville, Hampton Falls

RECYCLING/HHW

Henry Mixter, North Hampton, Chair
Charles Pratt, Brentwood
Robert Horsburgh, Fremont
Virginia Raub, Hampton
Joseph Melville, Hampton Falls
Alfred Felch, Kensington
Walter Hill, South Hampton

FROM DECEMBER 1995 - DECEMBER 1996

This was the fifth year the District has conducted the Household Hazardous Waste program for the member towns. We held two collections - in Hampton in the Spring and Sandown in the Fall. The collection in Hampton was held on May 13, 1996. A total of 364 cars attended the collection representing 390 households. The collection in Sandown was held on October 5, 1996. A total of 112 cars attended representing 123 households. At our first collection in 1992, 81% of the participants had never been to a HHW collection before. This year 45% had never been to a collection.

The total cost for both collections was \$26,102. A grant from the State of New Hampshire, based on the population of the District member towns, in the amount of \$8,616, helped to offset the costs. The remainder was paid out of District funds which had been set aside for this purpose. The per car cost for the Hampton collection was \$50.87; and the per car cost for the Sandown collection was \$68.17.

Based on the positive response we receive to these collections, the committee feels they are a very important function of the District and should continue. Citizens in our member municipalities continue to become more educated about household hazardous waste, have become familiar with the collections, and are willing to

participate. The District has budgeted funds in the 1997/1998 Budget to hold collections in the Spring and Fall of 1997.

The District continued its Recycling Grant Program for education and public relations. Fremont, North Hampton and South Hampton received grants totaling \$4,088. The Recycling Committees of these towns will be producing educational materials to aid in their recycling efforts. \$5,000 has again been budgeted to continue this program in 1997-1998.

The Administrative Assistant and members of the District Committee attended several State level conferences during the year.

The Landfill portion of the District continues to be the management of the long-term contract with the Turnkey Landfill in Rochester. Brentwood, Fremont, Hampton, New Castle, North Hampton, Rye and Sandown are currently shipping to Turnkey. In July, the current tipping fee of \$46.14 will be adjusted by the CPI at January 1, 1997. In addition to this increase, beginning July 1, 1997 the tipping fee will also be increased \$.65 per ton due to a host community fee that Turnkey must pay to the City of Rochester. This host community fee is provided for in RSA 149-M:13,V.

The Septage Committee and Waste-to-Energy Committee continue to be inactive.

IN THE UPCOMING YEAR

The Administrative portion of the District will continue to be a part-time operation. The present office location will be maintained and the Administrative Assistant's hours will remain at twenty hours per week. The contract with Waste Management will continue to be administered by the District office.

The sixth annual Household Hazardous Waste Collections will be organized for the Spring and Fall.

Recycling education grants will again be awarded to District member towns.

We will continue to keep abreast of all refuse disposal and recycling methods, and we are always available to assist and/or answer questions from member towns and citizens. We will also continue to attend State level conferences on MSW and recycling.

Respectfully submitted,

Winthrop Comley
Secretary

Lori Holmes	Term Expires 1997
Susan McNulty	Term Expires 1997
Michael Miller, Chair	Term Expires 1998
Joan Roy	Term Expires 1998
Mary Jo Dzioba	Term Expires 1999

SUPERINTENDENT OF SCHOOLS

Robert F. Bell

SPECIAL EDUCATION DIRECTOR

Leslie Derbyshire

BUSINESS MANAGER

Barbara Munsey

TREASURER

Elizabeth Stanley

MODERATOR

Maureen Buhrman

CLERK

Mary K. Bartley

SCHOOL WARRANT
STATE OF NEW HAMPSHIRE

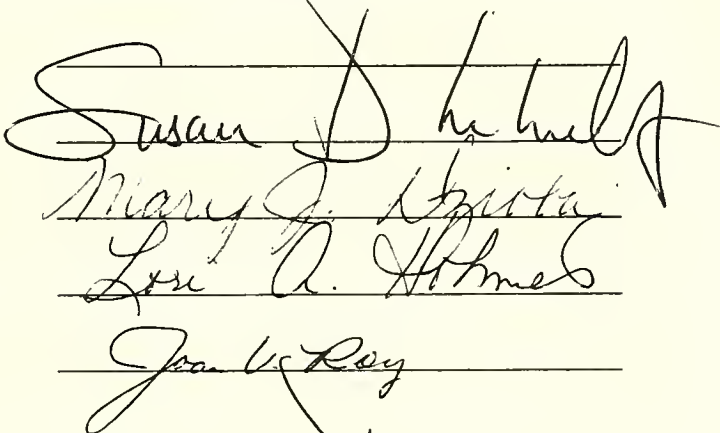

To the Inhabitants of the School District in the Town of Fremont, New Hampshire, qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said District on the eleventh day of March, 1997, at eight o'clock in the forenoon to act upon the following subjects: (The polls may not close before seven o'clock in the evening.)

1. To choose a Moderator for the ensuing year.
2. To choose a Clerk for the ensuing year.
3. To choose a Treasurer for the ensuing year.
4. To choose two School Board Members for the ensuing three years.
5. To transact any other business which may legally come before this meeting.

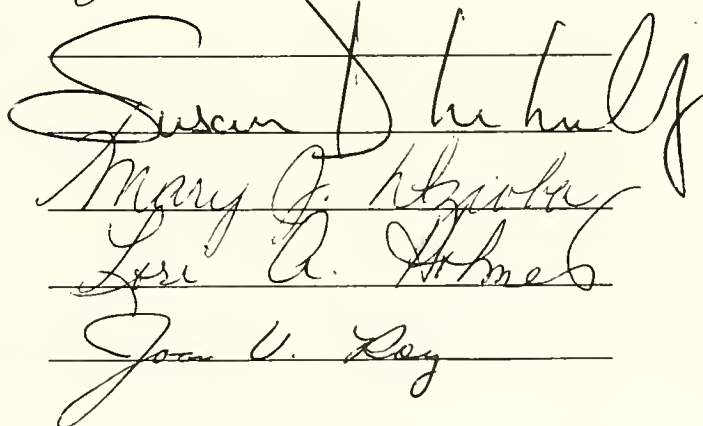

Given under our hands at said Fremont this 7th day of February, 1997.

Fremont School Board

Susan D. Leibel
Mary G. Hziola
Lori A. Holmes
Joan U. Roy

A true copy of warrant - attest:

Fremont School Board

Susan D. Leibel
Mary G. Hziola
Lori A. Holmes
Joan U. Roy

SCHOOL WARRANT

STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Fremont, New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Laurence Pettengill Hall, Ellis School, in said District on the 8th day of March, 1997, at five o'clock in the evening to act upon the following subjects:

1. To hear reports of agents, auditors, and committees or officers chosen and pass any vote relating thereto.
2. To see if the District will vote to approve the cost item included in the collective bargaining agreement reached between the Fremont School Board and the Fremont Education Association which calls for the following increases in salaries and benefits:

School Year: 1997-98

Estimated Increase: \$27,167.00

and further to raise and appropriate the sum of Twenty Seven Thousand One Hundred Sixty Seven Dollars (\$27,167) for the 1997-98 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year.

(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)

3. To see if the District will raise and appropriate the sum of One Hundred Sixty Eight Thousand Dollars (\$168,000) to purchase deeded land from Paint Mine Hills, Inc. and to cover associated legal costs, and to authorize the withdrawal of Eight Thousand One Hundred Ninety Five Dollars (\$8,195) and all accumulated interest from the Capital Reserve Fund for Land Acquisition. The balance of approximately One Hundred Fifty Nine Thousand Eight Hundred Five Dollars (\$159,805) will come from general taxation.

(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)

4. To see if the District will appropriate up to the sum of Ten Thousand Dollars (\$10,000) to add to the expendable general fund trust known as the Ellis School

Building and Grounds Maintenance Fund. This appropriation is to be funded with available surplus audited funds at the close of the 1996-97 school year on June 30, 1997. If the surplus audited funds are less than the requested appropriation, the trust fund appropriation will be reduced to that amount.

(Recommended by the Fremont School Board)
(Recommended by the Fremont Budget Committee)

5. To see if the District will raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to pave an extension for additional parking and school bus passage at the Ellis School.

(Recommended by the Fremont School Board)
(Not Recommended by the Fremont Budget Committee)

6. To see if the District will appropriate the sum of Four Thousand Dollars (\$4,000) for the purpose of cost and fees (ex, legal fees, assessment fees) incurred by the Cooperative Planning Committee. This appropriation is necessary for cooperative planning on behalf of the town of Fremont. Warrant submitted by citizen petition.

(Recommended by the Fremont School Board - \$4,000)
(Recommended by the Fremont Budget Committee - \$2,000)

7. To see what sum of money the District will raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the District.

1100	Regular Programs	\$1,947,369

(Recommended by the Fremont School Board - \$3,555,543)
(Recommended by the Fremont Budget Committee - \$3,489,455)

8. Shall the school district accept the provisions of RSA 195 (as amended) providing for the establishment of a cooperative school district, together with the school districts of Sanborn Regional and Fremont, in accordance with the provisions of the proposed articles of agreement filed with the school district clerk?

Yes _____ No _____

The amended Articles of Agreement are on file with the Sanborn Regional school district clerk and are included in the school warrant for this annual school district meeting. Such vote to be contingent upon acceptance of a similar warrant article by Sanborn Regional School District at its April 8, 1997 annual school district meeting, second session.

Articles of Agreement Between the Fremont School District
and the
Sanborn Regional School District
as approved by the
Cooperative School District Planning Board

ARTICLE 1

The Sanborn Regional School District shall be enlarged by the addition of the Fremont School District to form a cooperative school district which shall be named Sanborn Regional School District.

ARTICLE 2

There shall be eleven members of the school board of the Sanborn Regional School District. The voters of each pre-existing district shall be entitled to elect qualified voters of their districts as members of the school board. Each of the pre-existing districts shall be entitled to three members.

The three members elected previously by Kingston and the three members elected previously by Newton, shall retain their positions on the school board as will three members of the previously elected Fremont School Board. The three members of the Fremont School Board will be determined in the following manner: One member shall be determined by lot between the two members whose terms expire in 1998. The second member shall be determined in the like manner between the two members whose terms expire in 2000. The third member shall be the member whose term expires in 1999.

The tenth and eleventh members shall be elected at large, with elections to be held before June 30, 1997. The members of the school board who are elected and qualified shall hold office until their successors have been elected at the annual election day in each town of the cooperative.

Fremont	1 member	1998
	1 member	1999
	1 member	2000
Kingston	1 member	1998
	1 member	1999
	1 member	2000
Newton	1 member	1998
	1 member	1999
	1 member	2000
member at large	1 member	1999
member at large	1 member	2000

All members of the school board shall be elected for three-year terms except those members elected at the special election to be held before June 30, 1997. The members of the school board shall assume office in accordance with RSA 671:22.

All members of the school board shall be elected by the use of the non-partisan ballot system under RSA 671.

ARTICLE 3

The Sanborn Regional School District shall be responsible for Grades 1-12. Elementary schools shall be maintained in Fremont, Kingston, and Newton. A middle school shall be maintained in Newton. If an additional middle school becomes necessary, it shall be located in Fremont. A high school shall be maintained in Kingston.

ARTICLE 4

The Sanborn Regional School District shall acquire all the property, including equipment, of the Fremont School District. The following is the property that will be acquired by the Sanborn Regional School District: Ellis School, and any other real property, claim against, or lien held by the Fremont School District. Not included in the acquisition is the Fremont town vault located in the Ellis School, and which will remain the property of the Town of Fremont. The vault will be accessible during regular school hours or by special arrangements made through the Superintendent's office.

ARTICLE 5

The operating expenses of the Sanborn Regional School District, payable in each fiscal year, shall be apportioned with the ratio of 50% based on the average daily membership of pupils in approved public schools residing in each town of the cooperative school district during the second preceding fiscal year as determined by the New Hampshire Department of Education, and 50% based on the ratio of the equalized property values in Fremont, Kingston, and Newton, established by the New Hampshire Department of Revenue Administration for the preceding year, to the total equalized property value of the towns in the cooperative district.

ARTICLE 6

The capital expenses of the Sanborn Regional School District payable in each fiscal year shall be apportioned on the ratio of the average daily membership of the second preceding fiscal year plus the growth in average daily membership over the previous five year period in each pre-existing district as a ratio of each pre-existing district to the total.

ARTICLE 7

A schedule of payments based on the sum of the respective shares of the pre-existing districts for operating expenses and capital expenses shall be established in accordance with RSA 195:14-1 (f).

ARTICLE 8

The Sanborn Regional School District shall assume all the indebtedness of the pre-existing districts which is outstanding on the date of operating responsibility.

ARTICLE 9

The State Foundation Aid to which each pre-existing district would be entitled if it were not part of the cooperative school district, shall be credited to each pre-existing district's share of the total operating budget.

ARTICLE 10

The State Building Aid which may be available to the Sanborn Regional School District shall be applied to reduce the total capital expenditure prior to the

apportionment of costs under the provisions of Article 6. Those State Building Aid funds due to any pre-existing district shall be applied to that district.

ARTICLE 11

Any other school aid which may be available to the Sanborn Regional School District shall be applied to reduce the total operating budget prior to the apportionment of costs under the provisions of Article 5, unless otherwise provided by law.

ARTICLE 12

All trust funds held by the pre-existing districts shall be held and applied to such pre-existing districts as the terms of the trusts indicate.

ARTICLE 13

The Sanborn Regional School District shall provide transportation for all pupils Grades 1-12 to the schools within the district. Such transportation shall be consistent with and in addition to the provisions of RSA 189:6, 189:8, 189:9, and 189:9-a.

ARTICLE 14

Those students who live in Fremont, who were enrolled in a public high school or public academy other than Sanborn Regional prior to the date of operating responsibility, shall be allowed to continue attending those schools with district support up to the level of the Sanborn Regional Cooperative District cost per pupil for high school pupils as determined by the New Hampshire Department of Education. The Sanborn Regional School District will not supply transportation to those students who attend high schools other than Sanborn Regional High School.

ARTICLE 15

The school property and buildings of the Sanborn Regional School District may be used as they are presently being utilized and for such other civic and town purposes, as determined by policies adopted by the cooperative school board.

ARTICLE 16

The date of operating responsibility of the Sanborn Regional School District as provided in RSA 195:5, shall be July 1, 1998.

ARTICLE 17

The Sanborn Regional School District may accept tuition students from nearby school districts, the tuition to be determined yearly by the Sanborn Regional School District school board.

ARTICLE 18

Apportionment of net worth of existing property shall be determined on the basis

of equal net worth per pupil. The outstanding debt as of June 30, 1998 shall be deducted from the appraised value of the existing property as determined by the New Hampshire Department of Revenue Administration. The sum of these values will determine the net worth of the cooperative. The average daily membership during the 1996-97 school year for grades 1-12 for each pre-existing district as a percentage of the total average daily membership of grades 1-12 of the two pre-existing districts shall be the basis for apportioning net worth. The difference between apportioned net worth and actual net worth per pre-existing district shall be paid or received by each pre-existing district. The annual payment shall be ten per cent (10%) of this amount for ten (10) years.

ARTICLE 19

When the main building of Sanborn Seminary is found no longer required for school purposes, there shall be consensus between the school board and the Trustees of the Sanborn Seminary Trust Fund regarding consideration of making the building into a museum or historical site.

ARTICLE 20

For the 1998-1999 school year exclusively, the Sanborn Regional School District will offer employment to all teachers currently teaching in grades 1-12 of the pre-existing districts, except that (1) the cooperative school district will not employ more teachers than the number of teaching positions established in the cooperative school district, and (2) the cooperative school district will not employ more teachers from pre-existing school districts than the number necessary to teach a comparable number of students attending from that pre-existing district.

ARTICLE 21

These Articles of Agreement may be amended by the Sanborn Regional School District, consistent with the provisions of RSA 195:18(III) (i), except that no amendment shall be effective, unless the question of adopting such amendment is submitted at a cooperative school district meeting to the voters of the district voting by ballot with the use of the checklist after reasonable opportunity for debate in open meeting, and unless two-thirds (2/3) of the voters of the district who are present and voting shall vote in favor of adopting such amendment. Furthermore, no amendment to these articles shall be considered except at an annual meeting of the cooperative school district and unless the text of such amendment is included in an appropriate article in the warrant for such meeting. It shall be the duty of the school board to hold a public hearing concerning the adoption of any amendment to these articles of agreement at least ten (10) days before such annual meeting and to cause notice of such hearing and the text of the proposed amendment to be published in a newspaper having a general circulation in the district at least fourteen (14) days before such hearing. Until the date of operating responsibility is assumed, the school board is empowered to call a special district meeting under the procedures outlined above for the purposes of amending the articles of agreement

Fremont
School District Meeting
Ellis School - Pettingill Hall
March 8, 1996

The School District Meeting was called to order at 7:00 P.M. by Moderator Gusti Buhrman. There were 60 residents in attendance. The Official School District Warrant was read. A motion was made to continue the meeting to the following Friday (March 15) at 7:00 p.m. because of the inclement weather. The motion was seconded and the meeting was adjourned.

The March 15 School District Meeting was called to order by acting School Moderator Ray Bernier. There were 223 registered voters in attendance. Mr. Bernier read the results of the elections. The rules of the meeting were gone over, including a motion that would be made to restrict reconsideration on any articles that are passed. The guests were then introduced; Mr. Robert Bell (Superintendent), Barbara Munsey (Business Manager) and Mary Jo Reynolds (Principal). The school board members in attendance were Laurie Holmes, Michael Miller, Annmarie Gilligan, Sue McNulty and Joan Roy.

Mr. Bernier then read the first article.

Article 1: To hear reports of agents, auditors, and committees or officers chosen and pass any vote relating thereto.

Article was moved and seconded.

Discussion called for. Laurie Cunningham gave report on the Fremont Cooperative Planning Committee. Due to the fact Ellis School is at capacity, alternative plans are needed. Letters were sent to surrounding towns to see if any were interested in Cooperative Plans. The Sanborn School District was the only one responding with any interest. Mrs. Cunningham urged the passing of Article 4. Mr. Miller then spoke to the fact that Ellis school is at capacity. The septic system was built to a 475 person capacity. There are 423 students and 52 adults in the building. Next year the options will be to use the Library or portable structures for additional classroom space. These are quick fixes and in the long run land will have to be purchased and a school built. Mr. Miller then discussed the land that the school board felt would be a good option to purchase. He stressed the land would not be purchased unless it passed all inspections and legal searches. In answering the question of why the land purchase was not put on the School Warrant as an article, Mr. Miller explained that the opportunity to purchase the land came up after all the deadlines were over. Mr. Miller went over figures comparing: (A) the purchase of land, the building and costs of running the new school with (B) the tuition paid out for the middle and high school students. During the discussion that followed, the question was asked why we could not add a septic system and then build up. The answer was: 1) there is not a proper foundation for that to happen 2) when the addition was put on, it was the final addition for the building. A waiver had to be obtained and it maxed out the site to what the state would normally allow 3) the site is too small for any more expansion, the state has acreage ratio requirements per building and student.

Article was called for and seconded and passed by voice vote.

Article 1 PASSED by VOICE VOTE. Motion made to restrict reconsideration moved, seconded and passed by voice vote.

Article 2: To see if the district will appropriate up to the sum of Ten Thousand Dollars (10,000.00) to add to the expendable general trust fund known as the Ellis School Building and Grounds Maintenance Fund. This appropriation is to be funded with available surplus audited funds at the close of the 1995-1996 school year on June 30, 1996. If the surplus audited funds are less than the requested appropriation, the trust fund appropriation will be reduced to that amount. (Recommended by the Fremont School Board and Budget Committee)

Article was moved and seconded. Discussion called for. Laurie Holmes spoke to the fact that this was surplus money only. Article called for and seconded, passed by voice vote. ARTICLE 2 PASSED by VOICE VOTE. Motion made to restrict reconsideration moved, seconded and passed by voice vote.

Article 3: To see if the District will raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) for the purpose of employing an educational consultant and architect to study building alternatives and to develop a feasible plan for the economic and educational future of the Fremont School District.
(Recommended by the Fremont School Board and Budget Committee)

Article was moved and seconded. Brief discussion followed. Article was called for and seconded, passed by voice vote.

Article 3 voice vote unclear. Card Vote done. YES 121 No 102

Recount vote called for. Voice vote on recount NO.

ARTICLE 3 PASSED. Motion to restrict reconsideration moved, seconded and passed by voice vote.

Article 4: To see if the School District, pursuant to RSA 195:18 will vote to create a Cooperative School District Planning Committee consisting of three qualified voters of whom at least one shall be a member of the School Board: and to see if the District will vote to authorize the School District Moderator to appoint the members of the committee. Warrant submitted by citizens petition and printed as received.

(Not recommend by the Fremont School Board)

Article was moved and seconded. Discussion called for. Gene Cordes made a motion to amend the article to say that the report and analysis will be printed in next years Town Report. Opinions were voiced on the expense of a town high school and that in effect we have a voucher system. The town should have some more time to think things over. The article was called for and seconded, passed by voice vote. Vote on Amended Article passes by voice vote.

ARTICLE 4 as amended PASSED BY VOICE VOTE

Article 5: To see what sum of money the District will raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of statutory obligations of the District.

1100	Regular Programs	\$1,811,836
1200	Special Programs	543,151
1300	Vocational Programs	0
1400	Other Instructional Programs	9,527
2110	Attendance	0

2120	Guidance	24,702
2130	Health	21,566
2150	Speech	51,635
2210	Improvement of Instruction	17,109
2220	Educational Media	27,867
2310	School Board	15,778
2320	SAU Expenses	90,418
2400	School Administration	93,765
2540	Operation of the Plant	132,168
2550	Pupil Transportation	156,100
2900	Other Support Services	29,586
4000	Facilities Acquisition	10,000
5000	Debt Service	206,010
2560	Food Service	<u>57,234</u>
	TOTAL APPROPRIATION	\$ 3,298,452

(Recommended by the Fremont School Board and Budget Committee)

Article moved and seconded. Discussion called for. Mrs. Gaddis made a motion to amend the bottom line by \$165,000 specifically for the purchase of land to make the total appropriation \$ 3,464,452. Amendment was seconded. Discussion on the amendment was called for. It was brought up that if we have no land to build then building is not an option open to the town; that the town has in the past let opportunities pass by.

It was restated that the land would not be purchased until all the required legal and safety investigations were done. It was mentioned that it was unfortunate the town and school board had not worked together. The fact was brought up that adding any money amounts to the bottom line of the budget made it possible for the money to be spent on anything. Mrs. Holmes reassured the audience that if the land was not purchased then the money would be returned to the town. Article was called for, seconded and passed by voice vote. Amended Article 5 will be voted on by secret ballot, by request of a petition of registered voters. Amended Article 5 defeated. YES 89 NO 124.

Article was called for, seconded and passed by voice vote.

ARTICLE 5 PASSED BY VOICE VOTE. Motion to restrict was moved, seconded and passed by voice vote.

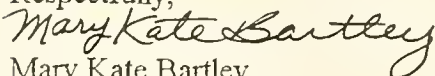

Article 6: To transact any other business which may legally come before this meeting.

There being no further business, motion made to adjourn and was seconded.

ARTICLE PASSED BY VOICE VOTE.

Meeting Adjourned at 10:15

Respectfully,

Mary Kate Bartley

School District Clerk

Currently, the Ellis School comprises three distinctly separate, yet interdependent, units: the elementary school, the middle school, and the special needs preschool. Our principal, Mary Jo Reynolds, has done much to improve the curriculum and climate of all three of these areas.

During the 1995/1996 school year, Mrs. Reynolds introduced the Won Way program to grades 1-3. Won Way provides a structured phonetics component to our whole language approach to Reading. Teachers continue to use Won Way this year as an integral part of the Reading curriculum.

In August, we hired Janet Sherrard to be our Reading Specialist--a position which also requires her to be our Title 1 Program Manager and our middle-school Literature teacher. Mrs. Sherrard has actively recruited and trained parents and community members to help out with our 1st and 2nd grade students in the Title 1 program. These volunteers are much appreciated at Ellis School.

Due to Mrs. Reynolds' grant-writing abilities, our school was one of 16 in the state to receive a Goals 2000 grant. The \$15,150 grant has been spent on MathLand math manipulatives and math curriculum kits for grades 1-6.

Our new Media Specialist, Deidre Wahl, is implementing the Technology Curriculum adopted last year. And in January, Ellis went on-line and students now have access to the Internet (ellis@nh.ultra.net).

Other new staff members include: Jane Slade, a Certified Occupational Therapist Assistant (COTA); and Kathryn Harrington, Speech Aide; both of whom already have full caseloads.

There are many positive things going on in Ellis School. Many classroom teachers have come up with creative ways to implement new strategies for teaching and learning. The student handbooks were rewritten with input from community members (the Fremont Round Table), teachers, the administration, and the School Board. The earlier arrival and departure times of the middle-school students has helped alleviate some discipline problems, both on the buses and within the building, and has helped create more of a middle-school atmosphere.

As has been the case for some time, the most pressing problem facing the school is overcrowding. We were fortunate this year in that we did not have the number of 1st graders we had anticipated, so we did not lose the art room. Next year, we do expect to have a third 1st grade.

Increasingly, storage of supplies and equipment is becoming more difficult as our student population's needs have become more diverse.

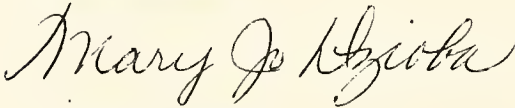

Our lack of parking space poses a significant safety issue. We will be presenting a warrant article to address the parking problem at the School District Meeting.

The major warrant article we will present for voter consideration is for land for future school expansion. We would like to purchase a 90-acre parcel of land off of Main Street. We feel that the town will need this land for school space regardless of whether the town votes to join the Sanborn Cooperative in March. Currently, the engineering firm of Provan and Lorber, Inc., is looking at all aspects of site development relative to this piece of property, so that we will have a full report for the community prior to the School District meeting.

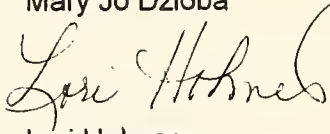

Respectfully Submitted,

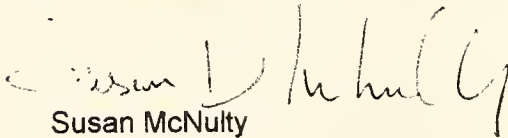

Michael Miller

Principal's Report

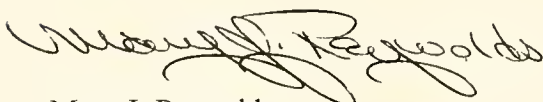

The 1996-97 academic year has been an exciting one for the Ellis School. Early in the fall, we were notified that we had been awarded a Goals 2000 grant, one of only sixteen grants awarded in the State of New Hampshire. This two year, \$30,000 grant provided a multitude of math manipulatives as well as extensive training for all teachers in Grades 1-6. While mathematics continues to include computation, emphasis today is on communication and complex problem solving. Our new math materials incorporate these skills.

In January we were notified that we had won a second competitive grant, the Eisenhower, in the amount of \$4,000.00, which will provide continued training of teachers in the area of Critical Skills and critical thinking. These are the skills of the future, the skills employers expect from their employees. These grants help to position us well for the future. Student fundraising has allowed us to buy a great deal of computer software programs as well as to connect the Ellis School to the Internet. Students are now involved in a variety of investigations and projects with other schools throughout the country, including a project with the National Weather Bureau that measures acid rain across the United States.

Enrollment is presently at 430 students, and the building is filled to capacity. Limited space does impact on programmatic planning, and there are a number of activities, particularly with our older students, that we are not able to do because of space restraints. Our growing population caused the Ellis School to move to a staggered opening this year, in which students in grades 5-8 have a 45 minute difference in their arrival and departure time. With population projections indicating that this growth will continue, it is anticipated that this school year will be the last one in which students will have their art education in the art room. The Art room will more than likely be used as a classroom next year. While a great deal of energy has gone into coping with the changes wrought by a rapidly increasing population, the faculty at Ellis School have continued to move forward with many new educational initiatives begun last year.

We thank the School Committee, the Superintendent of Schools and his staff, and the parents of our students for making this year a successful one for our staff and the students of Ellis School.

Respectfully submitted,

Mary J. Reynolds
Principal

Once again this year the Ellis School has made significant progress in many areas of its curriculum. The New Hampshire Educational Assessment Program test scores for 1995-96 show that our third graders did quite well. In Language Arts we are above state averages in our writing, comprehending literary passages, practical reading, grammar and spelling, listening and viewing. In mathematics we did an item analysis and found that we were above state averages in practically all test items. Third grade assessment scores were very encouraging and show that our students are at or above grade level with all other third grade students in the state.

This summer Mrs. Reynolds and I worked very hard to reorganize certain parts of the school. We feel that the staggered bus schedule has been very successful, improved learning and decreased the amount of discipline problems in the school. We also reorganized the middle school program. We tightened the middle school schedule and allowed for more academic time. These changes have improved the climate of the school immensely and I am pleased with the progress that has been shown.

I would like to also commend Mrs. Reynolds for obtaining a Goals 2000 grant for Fremont. This grant is a two year, \$30,000 grant which will be spent on math manipulatives and math training for our staff. We have also received another supplemental \$5,000 math grant for this year. Her efforts and grant writing skills will be of great benefit to our students.

I have been working with school board members and community members on the Alternative Building Committee. We are all aware that the school enrollment is growing and we are looking at various alternative ways to deal with this issue. There have been several informational meetings held discussing different building alternatives and a report of the committee's findings will be given to the town in March.

We were fortunate this year in not having to take the art room for a regular classroom. We have, once again, budgeted for a third first grade teacher and will analyze during the summer whether we need this position and whether we need to use the art room for a classroom. This would be the last full sized classroom that we have in the building.

I am pleased with the progress that the Ellis School has made this year. Through the efforts of a dedicated staff and administration I believe the students of Ellis School are receiving a quality education.

Sincerely,

Robert F. Bell

NOTES

Fremont Cooperative Planning Committee Report

What is the purpose of a Cooperative School District?

The purpose of a cooperative is to provide each member community with increased educational opportunities, complete school board participation in the governance of all grades within the cooperative and improved instruction through the efficient use of school facilities, school administration, and school personnel within the district.

Why is Fremont looking at the Cooperative option?

The Ellis school is at capacity, with projections of further growth and no ability to expand on the present site. At the last school district meeting, March 8, 1996 the Fremont school district voted to continue a Cooperative Planning Committee for another three year term, to study this option. The district directed this committee to complete it's study by the March 1997 school district meeting and publish it's findings in the 1997 town report.

What has this committee achieved?

This committee consisting of Helena Dreyer, Mary Jo Dzioba and Keith Stanton as voting members with Christine Kenneway as an alternate began it's work in April of 1996. The first order of business was to vote in a Chairperson and secretary. Helena Dreyer was voted chair and Mary Jo Dzioba was voted secretary by unanimous vote. Several months into this committee's work Keith Stanton requested to switch to the alternate position putting Christine Kenneway in as a voting member. This was done with approval of the committee members and Gusti Burhman this town's school district moderator. The following goals were set and met:

To evaluate if a cooperative school district would be beneficial to the town of Fremont.

- *The committee determined that the Ellis School is at capacity and by looking at growth projections for the next ten years decided that a cooperative study was indicated as a possible solution to the problem.*
- To formulate a town survey which would guide the committee in planning on the town's behalf.
This was accomplished through a forum which gave some basis for questions and was paid for through the generosity of private citizens and the Fremont school board. The results of the survey may be obtained at the Ellis school and town libraries.
- To look at all options presented to us from the surrounding towns of:
 1. Exeter School District
The Exeter School District informed the committee that they were too far along in their negotiations to admit an additional community into their recently formed cooperative school district. They would be able to talk to Fremont in five years when their articles of agreement could be amended
 - 2. Timberlane School District
The Timberlane school district opened their articles of agreement for amendment within their school district, but was not willing to enlarge their cooperative
 - 3. Epping School District
Epping did not feel that a cooperative with Fremont would be financially beneficial to the residents of Epping to warrant further study with this committee. Epping was only interested in a grades 6 - 12 cooperative which will not meet Fremont's needs for future growth at the elementary level
 - 4. Sanborn School District
Although Sanborn became the only district with which to form a cooperative this committee could find no factual information that would prevent it from forming a Joint Cooperative

Planning Board with Sanborn. The Board was formed, elections were held with Herbert Noyes voted in as Chair, James Doggett recording secretary, and Don Brown as an "at large" representative for Sanborn.

- **Note:** This committee was unable to contact a Chester Cooperative Planning Committee due to the fact that they did not vote to form a committee. While reviewing options Pinkerton Academy, a tuitioned based high school, was eliminated from our study as it did not fall within this committee's jurisdiction, since we were not formed to negotiate high school contracts.

How is a Cooperative established?

A joint cooperative planning board must be formed and it's members must prepare "Articles of Agreement" for the proposed Cooperative School District. The articles must contain the following information:

- (a) The school districts which are joining together and the name of the proposed school district.*
 - (b) The number, composition (how many members per town), method of selection and terms of office of it's cooperative school board. Per RSA: 195:5*
 - (c) The grades for which the cooperative school district shall be responsible .*
 - (d) The specific properties of pre-existing districts to be acquired and the general location of any proposed new schools to be initially constructed by the cooperative school district. Per RSA 195:9*
 - (e) The method of apportioning the operating expenses of the cooperative school district among the several pre-existing districts and the time and manner of payment of such shares.*
 - (f) The indebtedness of any pre-existing district which the cooperative school district is to assume.*
 - (g) The method of apportioning the capital expenses of the cooperative school districts among the several pre-existing districts, which need not be the same as the method for apportioning operating expenses, and the time and manner of payment of such shares. Capital expenses shall include but are not limited to, the costs of acquiring land and buildings for school purposes. .Per RSA 195:6*
 - (h) The manner in which state aid is allocated and distributed between the pre-existing school districts. Per RSA 195:15*
 - (i) The method by which the articles of agreement may be amended with the approval of the board; except that no amendment may permit secession of territory and the provisions adopted under either subparagraph (e) or (g) above may not be amended prior to the expiration of five (5) years from the date of the first annual meeting of the cooperative school district or thereafter, within five (5) years following the adoption of any amendment to such provisions respectively, but such provisions may be amended at any time in order to permit the enlargement of a school district or increase in the number of grades for which the cooperative school district shall be responsible.*
 - (j) The date of operating responsibility of the proposed school district, and proposed program for the assumption for operating responsibility for education by the proposed cooperative school district and any school construction, which the cooperative school district shall have the power to vary by vote as circumstances may require.*
- The Articles of Agreement formulated by this cooperative joint planning board, according to the guidelines stated above, may be found within the Warrant Article to Enlarge the Sanborn Cooperative School District, published within this town report. When reviewing these articles please note articles #3 and #14 which were not based on state guidelines but were included to address projected growth at Ellis school and to guarantee Fremont high school students the stability of an uninterrupted education.

During the final phase of this board's work the articles of agreement and the apportionment formulas necessary to determine the costs involved in joining and operating this cooperative were completed. These items became part of the warrant article which if passed will form the enlarged Sanborn Cooperative School District with an operational date of 7/1/98.

Note: This date is a year from the end of this 96/97 school year.

The next step, with the assistance and cooperation of the Business Managers of both districts as well as valuable input from Fremont's Budget Committee members, was to develop a cost estimate to be presented to the Fremont and Sanborn school districts. This includes an operating budget for the 98/99 school year, buy in costs (based on assessments performed by the DRA per RSA 195:9, II) and any anticipated capital expenses (such as a four room addition to the Sanborn middle school in Newton and extensive renovations to the Sanborn high school) which would be incurred by the enlarged Sanborn Cooperative School District. The members of the cooperative planning board are prepared to share those figures with the communities at their respective school district meetings in the spring of 1997. However the board has been advised that these figures must be presented for ballot vote, to the residents of Fremont, Kingston and Newton through the cooperative efforts of the Fremont Kingston and Newton board members at School District Meeting in the spring of 1998.

Please note the time line created here:

- March 8, 1997 => The vote to form the enlarged Sanborn Cooperative School District consisting of Fremont, Kingston, and Newton
- July 1, 1997 to June 30, 1998 Fremont School District operates on it's 97/98 budget as voted at the March 8, 1997 School District Meeting and Ellis school remains a grade 1 - 8 school
- Fall / 1997 .The new Cooperative School Board composed of Fremont, Kingston and Newton members, will work to develop an operational budget and other cost items to be voted upon by the new Cooperative School District in the Spring of 1998.
- Spring / 1998 => The vote to appropriate the amount of money necessary to operate the enlarged Sanborn Cooperative School District, including a possible warrant article to add four classrooms to the Sanborn middle school in Newton. (As approved by the school board.)
- July 1, 1998 The enlarged Sanborn School District is operational.
Fremont students grades 6 - 8 join Kingston and Newton students at the Sanborn middle school in Newton. (As approved by the school board.)

You will find printed copies of this joint cooperative planning board's estimates for an operational budget, anticipated capital project costs and buy in costs at the Fremont Town Hall, Ellis school and the Fremont Public Libraries. These calculations will be presented for discussion at the March 8, 1997 School District Meeting.

This committee recognizes that there are important decisions that the community of Fremont needs to make. It is the hope of this committee that we have provided the proper information to make those critical choices. We understand that you will have many questions and would like to encourage community members to call the representatives of this joint board.

Respectfully submitted,

Herbert Noyes

Chairperson, Kingston, Sanborn school board

Mary Jo Dzioba

Fremont, Fremont school board representative

James Doggett

Newton, Sanborn school board representative

Helena Dreyer

Christine Kenneway

Fremont, community representative

School Building Alternatives Committee

This committee was created to address the space problems at Ellis School and look at options of building a school in Fremont. Sanborn Regional School District has announced they are no longer interested in accepting Fremont's high school students under a tuition basis. They are interested in Fremont joining the present Sanborn School District involving grades 1 through 12. Please see the report from the Sanborn Cooperative Committee for more information about joining them.

Doug Brown was hired as an educational consultant to assess the spacing issues at the Ellis School. We are at capacity and something needs to be done in the near future to accommodate the growing number of children attending school in Fremont. Some of our classrooms are overcrowded, others are at capacity. He has given us recommendations about buildings that can be built in town to accommodate our students. Our Educational Standards Study, was prepared by members of the Building Subcommittee, using the State of New Hampshire Curriculum Frameworks and the New England Association of Schools and Colleges Standard of Accreditation to help us provide our students with a quality education especially for our middle and high school students.

This committee is also interested in having the town purchase land to build a school in town. As there is not enough land on site, an addition to the Ellis school is not an option. The Sanborn Cooperative Committee has stated that if Fremont joins the school district a school will be built in Fremont when the Sanborn Regional Middle School can no longer accommodate more students.

The land is located near the intersection of Main Street and Danville Road (routes 107 and 111A). This site has about 90 acres of land, approximately 26 acres are cleared and graded. There was a public tour of this land on November 2, 1996. The price of this land is \$165,000 which can be paid in full by the town in one year for approximately \$1.05 per thousand dollars on the tax rate. The present owner of this land has had 6 wells tested for many years and the test results have been clean of contaminants.

The firm of Provan and Lorber, Inc. has been hired to create a site plan and take core samples of the land to establish that this lot can have a school built on it. The report states that a school that houses approximately 1,000 high school students (largest student per acreage requirements) can be built on this site.

We held information nights along with the Sanborn Cooperative Committee on December 3, 1996 and January 13, 1997 to help Fremont residents understand the options that we have to house and educate our students in the future.

Research has been done, many towns have been notified of our interest in Fremont joining them in educating our children. The only options that we have been presented with are the cooperative with Sanborn or to build our own school here in town.

When you come to the School District meeting in March 1997, please be aware of how important this decision is and how it will effect the education of the children of Fremont, and how it will effect your tax dollars. A decision needs to be made this year.

Respectfully submitted,

School Building Alternatives Committee

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Members of the School Board
Fremont School District
Fremont, New Hampshire

We have audited the accompanying general-purpose financial statements of the Fremont School District as of and for the year ended June 30, 1996. These general-purpose financial statements are the responsibility of the School District's management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the general fixed assets account group which should be included in order to conform with generally accepted accounting principles. As is the case with most municipal entities in the State of New Hampshire, the Fremont School District has not maintained historical cost records of its fixed assets. The amount that should be recorded in the general fixed assets account group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Fremont School District, as of June 30, 1996, and the results of its operations and the cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The combining and individual fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general-purpose financial statements of the Fremont School District. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.
